## UPCOMING EVENTS

June 2021

### **MGB Center for COVID Innovation**

The Center facilitates the development of new diagnostic, device, data-related and therapeutic innovations with the potential to mitigate the pronounced rise in COVID-19 cases and the impact thereof in the communities served by Mass General Brigham and beyond. Please visit [covidinnovation.partners.org](https://covidinnovation.partners.org) to explore all the resources developed by the Center and to learn more about how to be part of these efforts.

### **Brigham Research Lab Mixers**

Is your lab interested in connecting with other MGB researchers in a fun virtual networking session? Then, we have this exciting opportunity for labs to host a breakout room at one of our Lab Mixers. These informal virtual events will offer Brigham labs the opportunity to discuss their work, meet with potential collaborators and network with colleagues. If you are interested in hosting, you can fill out the submission form: <https://www.surveymonkey.com/r/LabMixers>.
